

DRAUMET Anchor setting molly gun

9004

Opis

- The molly gun is a professional tool designed for fast, repeatable crimping of dowels mounted in plasterboards or materials with empty space.
- We can use them to attach light elements to plasterboards, e.g. hangers, paintings, shelves, wall lamps, etc.
- Using molly gun eliminates time-consuming work with a screwdriver, the perfect pinching of the dowel takes a few seconds.

Characteristic:

- For professional use
- Ergonomic handle

Packing

Unit

- Blister pack
